INSTRUCTIONS TO ENUMERATORS.

A.—THE FIRST ROUND (PRELIMINARY RECORD).

1. Beginning from the of 1891, you will visit every house in your block to which a separate number has been affixed, in the order in which they are entered in the list in your book, and enter in the schedules in that book every person residing in those houses in the manner prescribed below.

2. You must use black ink, and write very clearly in the character you know best.

3. You must take a fresh page for each house. If there are more than eight persons in a house, you should continue the entries for that house on the next page, repeating at the top of that page the number of the house in question, with the word 'continued' after it in brackets. You must never begin the entries for a fresh house in the middle of a page, but should leave the unused lines blank.

4. If the entry for any person in any of the columns of the schedule be the same as that for the person entered on the line above, you must repeat the entry and never write the word "ditto," or make dots.

5. If one of the houses on the list be found unoccupied, you should write the word 'empty' after the number of that house on the top of the form.

6. You are to enter all persons who ordinarily live and take their meals from the house, even though any of them may be, at the time of your visit, absent for a short time at the bazar, town, watching crops, fishery, (or even for a few days at a wedding or on a pilgrimage, provided they are to be back at the house before the 26th February). After the residents, you should enter the visitors, if any, stopping in the house, [but not such as are only there for a day or two, as for a wedding, &c., and will not remain there till the 26th February]. In dharmshálâs, chatrams, musâfirkhânâs, Travellers' Bungalows, serais or temples, you should enter on this occasion only those who usually live there and not travellers, &c., stopping only a day or a night or so in the building.

7. Before beginning to make these entries, you must read carefully the rules for filling up each column which are printed on the next page and also the specimen schedule on the page opposite those rules.

8. You should point out to the supervisor entries about which you are in doubt, and receive his instructions. You must have completed all the entries in your block by the of 1891.

B.—THE SECOND ROUND (FINAL RECORD).

9. At nightfall on the 26th February 1891, you will take this book as already filled in and again visit every house in your block in order.

10. You must summon the chief member of each family residing in the house, and read over to him the entries made for his family in the schedule. You will strike out the entries for persons who are not present or who may have since died and fill up the form for any person now in the house who was not there when the first visit was made, such as guests, infants newly born, and others. You are to consider as present all living in or taking their meals from the house, even though any of them may be out fishing, or watching in the fields or at a shop, &c., for the night.

11. You must enter the word "*Visitor*" in column 1 after the names of all who are only in the house for a few days and do not ordinarily reside there.

12. If there be no room left on the schedule for the fresh entries abovementioned, you must take a fresh page at the end of your book, and enter on it the house number with the word 'continued' after it, *as prescribed in paragraph* 3 *above*.

13. Before you start on your round, you must see that you are yourself enumerated in the house where you are living.

14. You must make no alteration whatever in any entry against the name of any person unless you have to strike out the entries altogether because he or she is no longer present. When you so strike out a person, you must draw the line completely through all the entries following that person's name and not merely through column 1.

15. You must use red ink only for entries and erasures made on the round on the 26th February.

16. Whilst going on this round, you must visit every house marked "empty" in your book to see whether any person is now living there.

17. Before visiting as above all the dwelling-houses, you must go to the dharmshálâs, chatrams, musâfirkhânâs, serais, *encampments* and landing places, *where travellers rest for the night*, and enter all particulars in the schedules for the way-farers, boatmen, pilgrims, &c., you may find there, and strike out the entries already made against persons who are not now present. You should ascertain from the village watchmen if any wandering gang, &c., has come to pitch in your block, and if there be any such you should go and enumerate it as above prescribed for other persons.

18. If any householder in your block has been given a separate schedule, you should collect it on the morning of the 27th February, and after seeing that the rules have been complied with in filling up the columns, you should stitch or pin it into your book, next to the last schedule filled up by you.

19. After your book has been inspected by the supervisor, you will prepare the short abstract printed on the back of the specimen schedule in it, as directed by the supervisor, and he will not take charge of your book until he has certified it to be correct.

20. According to the Census Act, every person is legally bound to furnish you with such information as is necessary for filling up the schedule; but you are forbidden to ask for any information not required for the purposes of the Census, as, for instance, the amount of any person's income. Any enumerator detected in extorting money on any pretext connected with the Census renders himself liable to punishment under the Census Act or the Penal Code.

INSTRUCTIONS TO ENUMERATORS.

A.—THE FIRST ROUND (PRELIMINARY RECORD).

1. Beginning from the of 1891, you will visit every house in your block to which a separate number has been affixed, in the order in which they are entered in the list in your book, and enter in the schedules in that book every person residing in those houses in the manner prescribed below.

2. You must use black ink, and write very clearly in the character you know best.

3. You must take a fresh page for each house. If there are more than eight persons in a house, you should continue the entries for that house on the next page, repeating at the top of that page the number of the house in question, with the word 'continued' after it in brackets. You must never begin the entries for a fresh house in the middle of a page, but should leave the unused lines blank.

4. If the entry for any person in any of the columns of the schedule be the same as that for the person entered on the line above, you must repeat the entry and never write the word "ditto," or make dots.

5. If one of the houses on the list be found unoccupied, you should write the word 'empty' after the number of that house on the top of the form.

6. You are to enter all persons who ordinarily live and take their meals from the house, even though any of them may be, at the time of your visit, absent for a short time at the bazar, town, watching crops, fishery, (or even for a few days at a wedding or on a pilgrimage, provided they are to be back at the house before the 26th February). After the residents, you should enter the visitors, if any, stopping in the house, [but not such as are only there for a day or two, as for a wedding, &c., and will not remain there till the 26th February]. In dharmshálâs, chatrams, musâfirkhânâs, Travellers' Bangalows, serais or temples, you should enter on this occasion only those who usually live there and not travellers, &c., stopping only a day or a night or so in the building.

7. Before beginning to make these entries, you must read carefully the rules for filling up each column which are printed on the next page and also the specimen schedule on the page opposite those rules.

8. You should point out to the Supervisor entries about which you are in doubt, and receive his instructions. You must have completed all the entries in your block by 1891

B.—THE SECOND ROUND (FINAL RECORD).

9. At nightfall on the 26th February 1891, you will take this book as already filled in and again visit every house in your block in order.

10. You must summon the chief member of each family residing in the house, and read over to him the entries made for his family in the schedule. You will strike out the entries for persons who are not present or who may have since died and fill up the form for any person now in the house who was not there when the first visit was made, such as guests, infants newly born, and others. You are to consider as present all living in or taking their meals from the house, even though any of them may be out fishing, or watching in the fields or at a shop, &c., for the night.

11. You must enter the word "*Visitor*" in column 1 after the names of all who are only in the house for a few days and do not ordinarily reside there.

12. If there be no room left on the schedule for the fresh entries abovementioned, you must take a fresh page at the end of your book, and enter on it the house number with the word 'continued' after it, *as prescribed in paragraph* 3 *above*.

13. Before you start on your round, you must see that you are yourself enumerated in the house where you are living.

14. You must make no alteration whatever in any entry against the name of any person unless you have to strike out the entries altogether because he or she is no longer present. When you so strike out a person, you must draw the line completely through all the entries following that person's name and not merely through column 1.

15. You must use red ink only for entries and erasures made on the round on the 26th February.

16. Whilst going on this round, you must visit every house marked "empty" in your book to see whether any person is now living there.

17. Before visiting as above all the dwelling-houses, you must go to the dharmshálâs, chatrams, musâfirkhânâs, serais, *encampments* and landing places, *where travellers rest for the night*, and enter all particulars in the schedules for the way-farers, boatmen, pilgrims, &c., you may find there, and strike out the entries already made against persons who are not now present. You should ascertain from the village watchmen if any wandering gang, &c., has come to pitch in your block, and if there be any such you should go and enumerate it as above prescribed for other persons.

18. If any householder in your block has been given a separate schedule, you should collect it on the morning of the 27th February, and after seeing that the rules have been complied with in filling up the columns, you should stitch or pin it into your book, next to the last schedule filled up by you.

19. After your book has been inspected by the Supervisor, you will prepare the short abstract printed on the back of the specimen schedule in it, as directed by the Supervisor, and he will not take charge of your book until he has certified it to be correct.

20. According to the Census Act, every person is legally bound to furnish you with such information as is necessary for filling up the schedule; but you are forbidden to ask for any information not required for the purposes of the Census, as, for instance, the amount of any person's income. Persons who have been married, but have no wife or husband living, should be entered as widowed. The enumerator must accept the statement made by the person, or in the case of children, by their relatives.

RULE 11.—Column 11 (*Occupation or means of subsistence*). [*Read this rule very carefully, and ask the Supervisor about all cases which seem doubtful to you*].—Enter here the exact occupation or means of livelihood of all males and females who do work or live on private property, such as house-rent, pension, &c. In the case of children and women who do no work, enter the occupation of the head of their family, or of the person who supports them, adding the word "dependent," but do not leave this column unfilled for any one, even an infant. If a person have two or more occupations, enter only the chief one, except when a person owns or cultivates land in addition to another occupation, when both should be entered.

No vague terms should be used, such as "service," "Government service," "shopkeeping," "writing," or "labour,"&c. ; but the exact service, the goods sold, the class of writing or labour must be stated. When a person's occupation is connected with agriculture, it should be stated whether the land is cultivated in person or all let to tenants (*if the land is partly cultivated by himself and partly sublet, it should be entered as cultivated in person*) ; if he be an agricultural labourer, it should be stated whether he be engaged by the month or year, or is a daily field labourer. Women who earn money by occupations, independent of their husbands, such as, selling firewood, cowdung-cakes, grass, or by ricepounding, weaving or doing house work for wages, should be shown under those occupations. If a person makes the articles he sells, he should be entered as "maker and seller" of them. If a person lives on alms, it should be stated whether he is a religious mendicant or an ordinary beggar. When a person is in Government, Railway, or Municipal service, the special service should be entered first and the word Government or Municipal, &c, after ; as, clerk—*Government* ; sweeper—*Municipal*; labourer—*Railway* ; Agent, Cashier, &c.—*Bank*. Enter all those as *learning* who are under instruction, either at home or at school or college. Enter as *literate* those who are able to both read and write any language, but are not under instruction as above. Enter as *illiterate* those who are not under instruction, and who do not know how to both read and write, or who can read but not write, or can sign their own name but not read.

RULE 13.—Column 13 (*Language known by literate*).—Enter here the language which those shown as *literate* in column 12 can both read and write, and if a person knows how to read and write English, as well as a vernacular, enter "English" also.

This column is to be left blank for those shown in column 12 as learning or illiterate, and except when English is known, only one language should be entered, that best known.

RULE 14.—Column 14 (*Infirmities*).—If any person be blind of both eyes, or deaf and dumb, or insane, or suffering from corrosive leprosy, enter the name of the infirmity in this column.

Do not enter those blind of one eye only, or who are suffering from white leprosy only.

In sub-column (*a*) enter only such persons as are deaf and dumb from birth ; and those who are insane and blind of both eyes or suffering from corrosive leprosy, whether from birth or otherwise. In sub-column (*b*), enter only such as have become deaf and dumb subsequent to birth.

RULE 15. Eunuchs, if any, should be returned as *Males*; and Prostitutes as *Unmarried*, but if they represent themselves as married, the same should be entered without question.

GENERAL.

NOTIFICATIONS.

The 9th January 1891.

No. 357.—It is hereby notified for general information that in pursuance of the provisions contained in Regulation No. V of 1890, published in Part III of the Mysore Gazette, dated the 13th December 1890, a general Census of the population of the Mysore Province will be taken on the night of the 26th February 1891.

2. It will be the duty of all Government officers as well as non-officials, who have been and who may hereafter be entrusted with the Census, which should be regarded as a work of paramount importance while it lasts, to see that the rules and instructions, published for the conduct and guidance of Census officers in taking the Census, are carried out with efficiency and accuracy, as required by Section 4, Clause 3, of the said Regulation. And, under Section 6 of the same, every Census officer may ask all such questions of all persons within the limits of the local area for which he is appointed as, by instructions issued in this behalf by the Superintendent of Census in Mysore, he may be directed to ask.

3. In view to afford aid to the persons who may be appointed as Census officers, the Government directs that, as per separate orders already issued, the services of officials of all Departments connected with the Administration be made available for the purposes of the ensuing Census. In carrying out this important measure, the Government also relies upon the willing co-operation of all classes of the people.

4. The rules for the guidance of the Enumerators and the standard questions which may be put by them to the people to be enumerated are re-published for general information under Section 6 of the Census Regulation No. V of 1890.

INSTRUCTIONS TO ENUMERATORS.

A.—THE FIRST ROUND (PRELIMINARY RECORD).

1. Beginning from the of 1891, you will visit every house in your block to which a separate number has been affixed, in the order in which they are entered in the list in your book, and enter in the schedules in that book every person residing in those houses in the manner prescribed below.

2. You must use black ink, and write very clearly in the character you know best.

3. You must take a fresh page for each house. If there are more than eight persons in a house, you should continue the entries for that house on the next page, repeating at the top of that page the number of the house in question, with the word 'continued' after it in brackets. You must never begin the entries for a fresh house in the middle of a page, but should leave the unused lines blank.

4. If the entry for any person in any of the columns of the schedule be the same as that for the person entered on the line above, you must repeat the entry and never write the word "ditto," or make dots.

5. If one of the houses on the list be found unoccupied, you should write the word 'empty' after the number of that house on the top of the form.

6. You are to enter all persons who ordinarily live and take their meals from the house, even though any of them may be, at the time of your visit, absent for a short time at the bazar, town, watching crops, fishery, (or even for a few days at a wedding or on a pilgrimage, provided they are to be back at the house before the 26th February). After the residents, you should enter the visitors, if any, stopping in the house, [but not such as are only there for a day or two, as for a wedding, &c., and will not remain there till the 26th February]. In dharmshálás, chatrams, musáfirkhánás, Travellers' Bangalows, serais or temples, you should enter on this occasion only those who usually live there and not travellers, &c., stopping only a day or a night or so in the building.

7. Before beginning to make these entries, you must read carefully the rules for filling up each column which are printed on the next page and also the specimen schedule on the page opposite those rules.

8. You should point out to the Supervisor entries about which you are in doubt, and receive his instructions. You must have completed all the entries in your block by the of 1891.

B.—THE SECOND ROUND (FINAL RECORD).

9. At nightfall on the 26th February 1891, you will take this book as already filled in and again visit every house in your block in order.

10. You must summon the chief member of each family residing in the house, and read over to him the entries made for his family in the schedule. You will strike out the entries for persons who are not present or who may have since died and fill up the form for any person now in the house who was not there when the first visit was made, such as guests, infants newly born, and others. You are to consider as present all living in or taking their meals from the house, even though any of them may be out fishing, or watching in the fields or at a shop, &c., for the night.

11. You must enter the word "*Visitor*" in column 1 after the names of all who are only in the house for a few days and do not ordinarily reside there.

12. If there be no room left on the schedule for the fresh entries abovementioned, you must take a fresh page at the end of your book, and enter on it the house number with the word 'continued' after it, *as prescribed in paragraph 3 above.*

13. Before you start on your round, you must see that you are yourself enumerated in the house where you are living.

14. You must make no alteration whatever in any entry against the name of any person unless you have to strike out the entries altogether because he or she is no longer present. When you so strike out a person, you must draw the line completely through all the entries following that person's name and not merely through column 1.

15. You must use red ink only for entries and erasures made on the round on the 26th February.

16. Whilst going on this round, you must visit every house marked "empty" in your book to see whether any person is now living there.

17. Before visiting as above all the dwelling-houses, you must go to the dharmshálâs, chatrams, musâfirkhânâs, serais, *encampments* and landing places, *where travellers rest for the night*, and enter all particulars in the schedules for the way-farers, boatmen, pilgrims, &c., you may find there, and strike out the entries already made against persons who are not now present. You should ascertain from the village watchmen if any wandering gang, &c., has come to pitch in your block, and if there be any such you should go and enumerate it as above prescribed for other persons.

18. If any householder in your block has been given a separate schedule, you should collect it on the morning of the 27th February, and after seeing that the rules have been complied with in filling up the columns, you should stitch or pin it into your book, next to the last schedule filled up by you.

19. After your book has been inspected by the Supervisor, you will prepare the short abstract printed on the back of the specimen schedule in it, as directed by the Supervisor, and he will not take charge of your book until he has certified it to be correct.

20. According to the Census Act, every person is legally bound to furnish you with such information as is necessary for filling up the schedule; but you are forbidden to ask for any information not required for the purposes of the Census, as, for instance, the amount of any person's income. Any enumerator detected in extorting money on any pretext connected with the Census renders himself liable to punishment under the Census Act or the Penal Code.

He must never insist on seeing any female who is not voluntarily produced before him.

RULE 8.—Column 8 (*Marriage, &c.*).—Enter each person, whether infant, child, or grown up, as either *married*, *unmarried*, or *widowed*. This column must not be left blank for any one of whatever age.

I. PROCEDURE.

1. Every auction sale shall be held by the Forest Officer in conjunction with the Deputy Commissioner of the District, or other Officer deputed by the Deputy Commissioner.

2. The highest bidder shall be the purchaser. Should any lot be disputed, it shall be again put up, and resold.

3. Each purchaser shall, immediately after a lot has been knocked down to him, sign his name opposite the number and specification of the lot bought by him, in a book provided for the purpose. Such signature shall be held as an admission on his part of having bought such lot. The lot thus sold shall remain intact till weighment by the Forest Offi[illegible]

II. PAYMENTS—HOW TO BE MADE.

4. Immediately after the sale, each purchaser will be furnished with a memo showing the total amount due by him, and with a letter of advice to pay into the nearest Government Treasury 25 per cent of such amount as a deposit, before the close of the third day from the date of sale. A receipt for the deposit money will be granted by the Treasury Officer, and must be presented to the Forest Officer before the close of the fifth day. The Forest Officer will initial the receipt and enter on its face, the date of presentation. Should any purchaser fail to comply with this regulation, the Forest Officer shall be at liberty to sell to other individuals, all or any portion of the sandalwood purchased by such defaulter, who shall bear any loss, but shall not participate in any profit that may arise. The amount due by such defaulter shall be recovered as a revenue demand.

5. The whole quantity purchased by each merchant must be paid for within 90 days from the date of sale. Failing which the deposit money already paid in shall lapse to the Government, and shall not be counted as part payment. The sandalwood not paid for shall be resold. Moneys due may be paid into the Treasury of the Taluk in which the Koti is situated, or into the District Treasury, but into no other, except in cases where the purchasers are permitted to pay into any other Government Treasury.

III. WEIGHING OUT AND DELIVERY OF WOOD.

6. The Forest Officer or in his absence any other officer deputed by the Deputy Commissioner shall personally weigh out the whole quantity of wood bought by each purchaser, and this weighing out of the wood sold in each Koti must be completed within three months from the date of sale. When weighing, should any surplus be found, it shall be taken out; and any deficiency occur, the officer weighing will make up the full tale of wood, stamp every piece that can be stamped, and take such precautions as shall preclude the lots being tampered with before final removal.

The full tale of wood having been thus once made up, all loss which may afterwards arise from driage or other causes, shall be borne entirely by the purchaser, who shall be warned to attend at the weighing out of his lots. Should he not appear in person or by duly constituted agent, the Forest Officer or the officer deputed for weighing shall weigh out, stamp and seal the lots at his own convenience, and no complaint afterwards made by the purchaser will be attended to. The expenditure incurred in weighing out wood will be borne by the Government; but all expenses necessary for the final removal of the wood from the Koti shall be borne by the purchaser. Nothing shall prevent a Forest Officer from weighing out wood to any purchaser who wants early delivery upon full payment of the amount due thereon.

7. No wood can be removed by any purchaser until it has been paid for in full, and until a "license to remove" shall have been obtained from the Forest Officer.

IV. KOTI RENT.

8. Wood weighed out, stamped and paid for under the preceding sections, may be removed at any time within 90 days from date of sale without payment of Koti rent. Such wood, if left in the Kotis more than 90 days from date of sale, shall be charged with Koti rent at the rate (4) annas per khandi per mensem, from date of sale. Should the space occupied by such wood be required for the storing of new wood, the Forest Officer shall be at liberty, after giving the purchaser ten days' notice, to take the wood out of the Koti, and deposit it without the walls at the expense and risk of the purchaser.

V. LICENSES TO REMOVE.

9. No wood can be removed from the Koti till a "license to remove sandalwood," signed by the Forest Officer in charge, shall have been obtained; and all holders of such licenses shall be bound to abide by the conditions laid down in such licenses. Any trader or other infringing the terms of his license, or not returning his license on the expiration of the time allowed, shall be liable to be dealt with under the conditions prescribed in Section 40 of the Mysore Forest Rules. All time expired licenses shall be considered as null and void and extension of time shall not be granted except on the ground of special and cogent reasons and under Deputy Commissioner's orders.

VI. GENERAL.

10. In conformity with standing Rules, no sandalwood can be sold by private individuals within the Mysore Territories or be moved from place to place without a license, to be granted by the Forest Officer in charge of the Range.

11. The Forest Officer in charge shall be at liberty with the concurrence of the Deputy Commissioner or the officer deputed by the Deputy Commissioner, to stop the sale at any time without giving any reason to the intending purchasers.

No. 21.—The following Revised Rules for the sale of sandalwood by public auction are published for general information :—

I. PROCEDURE.

1. Every auction sale shall be held by the Forest Officer in conjunction with the Deputy Commissioner of the District, or other Officer deputed by the Deputy Commissioner.

2. The highest bidder shall be the purchaser. Should any lot be disputed, it shall be again put up, and resold.

3. Each purchaser shall, immediately after a lot has been knocked down to him, sign his name opposite the number and specification of the lot bought by him, in a book provided for the purpose. Such signature shall be held as an admission on his part of having bought such lot. The lot thus sold shall remain intact till weighment by the Forest Officer under para 6 of these rules.

II. PAYMENTS—HOW TO BE MADE.

4 Immediately after the sale, each purchaser will be furnished with a memo showing the total amount due by him ; and with a letter of advice to pay into the nearest Government Treasury 25 per cent of such amount as a deposit, before the close of the third day from the date of sale. A receipt for the deposit money will be granted by the Treasury Officer, and must be presented to the Forest Officer before the close of the fifth day. The Forest Officer will initial the receipt and enter on its face, the date of presentation. Should any purchaser fail to comply with this regulation, the Forest Officer shall be at liberty to sell to other individuals, all or any portion of the sandalwood purchased by such defaulter who shall bear any loss, but shall not participate in any profit that may arise. The amount due by such defaulter shall be recovered as a revenue demand.

5. The whole quantity purchased by each merchant must be paid for within 90 days from the date of sale. Failing which the deposit money already paid in shall lapse to the Government, and shall not be counted as part payment. The sandalwood not paid for shall be resold. Moneys due may be paid into the Treasury of the Taluk in which the Koti is situated, or into the District Treasury, but into no other, except in cases where the purchasers are permitted to pay into any other Government Treasury.

III. WEIGHING OUT AND DELIVERY OF WOOD.

6. The Forest Officer or in his absence any other officer deputed by the Deputy Commissioner shall personally weigh out the whole quantity of wood bought by each purchaser, and this weighing out of the wood sold in each Koti must be completed within three months from the date of sale. When weighing, should any surplus be found, it shall be taken out ; and any deficiency occur, the officer weighing will make up the full tale of wood, stamp every piece that can be stamped, and take such precautions as shall preclude the lots being tampered with before final removal.

The full tale of wood having been thus once made up, all loss which may afterwards arise from driage or other causes, shall be borne entirely by the purchaser, who shall be warned to attend at the weighing out of his lots. Should he not appear in person or by duly constituted agent, the Forest Officer or the officer deputed for weighing shall weigh out, stamp and seal the lots at his own convenience, and no complaint afterwards made by the purchaser will be attended to. The expenditure incurred in weighing out wood will be borne by the Government ; but all expenses necessary for the final removal of the wood from the Koti shall be borne by the purchaser. Nothing shall prevent a Forest Officer from weighing out wood to any purchaser who wants early delivery upon full payment of the amount due thereon.

7. No wood can be removed by any purchaser until it has been paid for in full, and until a "license to remove" shall have been obtained from the Forest Officer.

IV. KOTI RENT.

8. Wood weighed out, stamped and paid for under the preceding sections, may be removed at any time within 90 days from date of sale without payment of Koti rent. Such wood, if left in the Kotis more than 90 days from date of sale, shall be charged with Koti rent at the rate (4) annas per khandi per mensem, from date of sale. Should the space occupied by such wood be required for the storing of new wood, the Forest Officer shall be at liberty, after giving the purchaser ten days' notice, to take the wood out of the Koti, and deposit it without the walls at the expense and risk of the purchaser.

V. LICENSES TO REMOVE.

9. No wood can be removed from the Koti till a "license to remove sandalwood," signed by the Forest Officer in charge, shall have been obtained ; and all holders of such licenses shall be bound to abide by the conditions laid down in such licenses. Any trader or other infringing the terms of his license, or not returning his license on the expiration of the time allowed, shall be liable to be dealt with under the conditions prescribed in Section 40 of the Mysore Forest Rules. All time expired licenses shall be considered as null and void and extension of time shall not be granted except on the ground of special and cogent reasons and under Deputy Commissioner's orders.

VI. GENERAL.

10. In conformity with standing Rules, no sandalwood can be sold by private individuals within the Mysore Territories or be moved from place to place without a license to be granted by the Forest

11. The Forest Officer in charge shall be at liberty with the concurrence of the Deputy Commissioner or the officer deputed by the Deputy Commissioner, to stop the sale at any time without giving any reason to the intending purchasers.

The 15th April 1891.

No. 25.—The scope of Rule 1 of Government Notification No. 107, dated 5th September 1887, providing for the grant of licenses to prospect for gold appears not to be clearly understood and unfounded, fears are entertained in some quarters that any block of land selected by a prospector is liable to be leased to other applicants at a public competition by inviting tenders for the same.

2. The Government accordingly republish hereunder for public information the Rule above quoted regarding prospecting licenses :—

"*Prospecting Licenses.*

"1. Persons desirous of carrying on prospecting operations with a view to select land for mining purposes within the Territories of Mysore can, on application to the Dewan, and the payment of a fee of Rs. 500, obtain a license granting leave to prospect within a specified area not exceeding ten square miles. The licensee will be entitled to select, within one year from the date of the license, a square mile of land for mining purposes within the area specified in his license. When the selection has been made, the licensee may obtain a lease for the selected area under the following rules and conditions. During the period for which a prospecting license is in force and within the area specified in it, no mining lease or prospecting license shall be granted to any other person. But the Government reserves to itself the power of refusing a prospecting license in respect of any tract."

3. Any person obtaining a prospecting license under the above Rule is at full liberty to select within the time and within the area specified in his license a block of one square mile for mining purposes, to intimate such selection to Government and to obtain from Government for the selected block a lease in the terms of the form appended to the aforesaid Notification, without competition of any kind from others by means of tenders or otherwise, and by the prospector merely depositing with Government a sum of Rs. 1,000 as security for the due fulfilment of his engagements as lessee.

4. Prospecting licenses will be granted only as regards such lands as have not been specially reserved by Government. A list of such lands can be obtained from the Under-Secretary to the Dewan, at the Public Offices, Bangalore.

The 16th April 1891.

No. 21.—The following Revised Rules for the sale of sandalwood by public auction are published for general information :—

I. PROCEDURE.

1. Every auction sale shall be held by the Forest Officer in conjunction with the Deputy Commissioner of the District, or other Officer deputed by the Deputy Commissioner.

2. The highest bidder shall be the purchaser. Should any lot be disputed, it shall be again put up, and resold.

3. Each purchaser shall, immediately after a lot has been knocked down to him, sign his name opposite the number and specification of the lot bought by him, in a book provided for the purpose. Such signature shall be held as an admission on his part of having bought such lot. The lot thus sold shall remain intact till weighment by the Forest Officer under para 6 of these rules.

II. PAYMENTS—HOW TO BE MADE.

4. Immediately after the sale, each purchaser will be furnished with a memo showing the total amount due by him ; and with a letter of advice to pay into the nearest Government Treasury 25 per cent of such amount as a deposit, before the close of the third day from the date of sale. A receipt for the deposit money will be granted by the Treasury Officer, and must be presented to the Forest Officer before the close of the fifth day. The Forest Officer will initial the receipt and enter on its face, the date of presentation. Should any purchaser fail to comply with this regulation, the Forest Officer shall be at liberty to sell to other individuals, all or any portion of the sandalwood purchased by such defaulter who shall bear any loss, but shall not participate in any profit that may arise. The amount due by such defaulter shall be recovered as a revenue demand.

5. The whole quantity purchased by each merchant must be paid for within 90 days from the date of sale. Failing which the deposit money already paid in shall lapse to the Government, and shall not be counted as part payment. The sandalwood not paid for shall be resold. Moneys due may be paid into the Treasury of the Taluk in which the Koti is situated, or into the District Treasury, but into no other, except in cases where the purchasers are permitted to pay into any other Government Treasury.

III. WEIGHING OUT AND DELIVERY OF WOOD.

6. The Forest Officer or in his absence any other officer deputed by the Deputy Commissioner shall personally weigh out the whole quantity of wood bought by each purchaser, and this weighing out of the wood sold in each Koti must be completed within three months from the date of sale. When weighing, should any surplus be found, it shall be taken out ; and any deficiency occur, the officer weighing will make up the full tale of wood, stamp every piece that can be stamped, and take such precautions as shall preclude the lots being tampered with before final removal.

The full tale of wood having been thus once made up, all loss which may afterwards arise from driage or other causes, shall be borne entirely by the purchaser, who shall be warned to attend at the weighing out of his lots. Should he not appear in person or by duly constituted agent, the Forest Officer or the officer deputed for weighing shall weigh out, stamp and seal the lots at his own convenience, and no complaint afterwards made by the purchaser will be attended to. The expenditure incurred

in weighing out wood will be borne by the Government ; but all expenses necessary for the final removal of the wood from the Koti shall be borne by the purchaser. Nothing shall prevent a Forest Officer from weighing out wood to any purchaser who wants early delivery upon full payment of the amount due thereon.

7. No wood can be removed by any purchaser until it has been paid for in full, and until a "license to remove" shall have been obtained from the Forest Officer.

IV. KOTI RENT.

8. Wood weighed out, stamped and paid for under the preceding sections, may be removed at any time within 90 days from date of sale without payment of Koti rent. Such wood, if left in the Kotis more than 90 days from date of sale, shall be charged with Koti rent at the rate (4) annas per khandi per mensem, from date of sale. Should the space occupied by such wood be required for the storing of new wood, the Forest Officer shall be at liberty, after giving the purchaser ten days' notice, to take the wood out of the Koti, and deposit it without the walls at the expense and risk of the purchaser.

V. LICENSES TO REMOVE.

9. No wood can be removed from the Koti till a "license to remove sandalwood," signed by the Forest Officer in charge, shall have been obtained ; and all holders of such licenses shall be bound to abide by the conditions laid down in such licenses. Any trader or other infringing the terms of his license, or not returning his license on the expiration of the time allowed, shall be liable to be dealt with under the conditions prescribed in Section 40 of the Mysore Forest Rules. All time expired licenses shall be considered as null and void and extension of time shall not be granted except on the ground of special and cogent reasons and under Deputy Commissioner's orders.

VI. GENERAL.

10. In conformity with standing Rules, no sandalwood can be sold by private individuals within the Mysore Territories or be moved from place to place without a license, to be granted by the Forest Officer in charge of the Range.

11. The Forest Officer in charge shall be at liberty with the concurrence of the Deputy Commissioner or the officer deputed by the Deputy Commissioner, to stop the sale at any time without giving any reason to the intending purchasers.

II. Notifications Nos. 257 and 258, dated 11th September 1890, appointing Municipal Commissioners.

Resolution.—Read and recorded.

III. Government Proceedings No. 7040—785, dated 11th September 1890, about alterations of Municipal Divisions.

Resolution.—The Proceedings of Government para 4 were read and considered. It was remarked that some of the present Divisions were too large for efficient supervision and the grouping was in some instances unsystematic and entailed much waste of power in the conservancy and other agency employed in looking after them. To secure a larger number of Commissioners and also to secure efficient management, it was, after much discussion, resolved that the V and VI Divisions be cut up into two Divisions each. There will then be 8 Divisions in place of the 6 now existing. It was also resolved that, with a view to numbering the Divisions on some system, a start be made with the northernmost Division which may be called the Palace Division and numbered as the 1st. The Divisions as now re-cast will be as follows :—

No. I. "Palace Division." All to the west and north of the Madras Railway line from the Railway crossing near the Silahdar lines on the Subedar Chattram Road, consisting of Guttahalli, the Palace, Munireddipalya, &c.

No. II. "High Ground Division." All to the south of the Railway line down to the northern limit of (the present 1st and 3rd Divisions) the proposed 3rd and 5th Divisions.

No. III. "Balêpete Division."
No. IV. "Manavartipete Division."
No. V. "Ulsurpete Division."
No. VI. "Nagratapete Division."
} To have their present limits of the 1st, 2nd, 3rd and 4th Divisions respectively.

No. VII. "Lal-Bagh Division."

No. VIII. "Fort Division."

The road running south from the Bamboo Bazaar and between Kalasipalyam and the east Fort glacis on to the Karanji Tank bund to Kankanhalli road, to be the dividing line. All to the east of the above road to be called the 7th and all to the west the 8th Division.

The increase in the Divisions involves the appointment of 4 new Commissioners for the 2 new Divisions, thus formed out of the present V and VI Divisions and the Board recommend the following Gentlemen for selection and nomination :—

No. I. "Palace Division." Messrs. A. Krishnaswamaiengar and T. T. Leonard.

No. II. "High Ground Division." One more Commissioner is required in addition to Mr. H. Hart and the names of Messrs. H. Sparkes, Wolsey Smith and K. Doraswami Iyer, are recommended for selection.

No. VIII. "The Fort Division." In addition to Mr. Virasami Mudaliar, one more Commissioner is required and the names of Messrs. A. Rangaswamaiengar (Comptroller), Subraya Mudaliar (Advocate) and Varadanna (Chief Clerk, Session Court, Civil and Military Station) are to be submitted.

IV. Ganigars' petition for exemption from Mohatarfa tax.

Resolution.—With reference to previous Orders and Resolutions given in the margin about removal of the oil-mills from the Town, the Board consider that in the best interests of the Town; the removal of the oil-mills to a convenient distance is absolutely necessary and that Government be solicited to re-consider their Order No. 5350—620, dated 11th January 1880 and to sanction the early removal of the oil-mills. In connection with this subject, the Board wish it to be recorded that in case the oil mongers agree to shift to a place outside the Town to be pointed out, their application for exemption of their mill tax would be favorably considered.

No. IV of 25th July 1879.

V. Mr. Gopalacharlu's letter, dated 20th September 1890, requesting to sanction a permanent grant of Rs. 50 towards the Srinivasa Mandiram Library.

Resolved to be deferred to next Meeting.

VI. Appointment of an itinerant Medical Officer for the City.

Resolution.—The present arrangement to continue till the services of a more qualified Medical Officer are secured. The medicines and furnitures obtained from Messrs. Abraham and Co., to be kept in a room in the Taluk Cutcherry. The pensioned Hospital Assistant Armuga Mudaliar will itinerate in the Town in the mornings and attend at the Taluk Cutcherry room in the afternoons to dispense medicines and to attend to calls.

VII. Introduction of wheel tax and toll-bars.

Resolution.—Read Vice-President's Memo about introduction of tolls and license fees under Schedules A and B of the Regulations.

Resolved.—That sanction of Government be solicited to enable the Municipality to levy the taxes, as the roads are deteriorating and the Municipal Funds are insufficient to meet the calls in this direction. The carriages in the City and those coming from outside do not now contribute a pie to the maintenance of the roads. The Board consider that it is time that they were made to pay something towards the Municipal revenue.

VIII. Providing bathing ghats near the new Agrahar and Jakarayan Tanks and opening out a new road by the Woollen Mills to Kengeri Road.

Resolution.—Read Vice-President's Memo about bathing ghats. Resolved that bathing ghats and tanks are very necessary as also the opening of road by the Woollen Mills; and that mantapams should also be provided to secure privacy and shelter. The sites to be selected and estimates with full details to be brought up for approval at the next Meeting.

IX. Widening the Dodpete Chauk.

Resolution.—To be deferred.

X. Reserving the open space called Kemannugundi (including the land leased to Appavu Chetti and Sons for Workshops) for a play ground after getting it levelled and railed.

Resolution.—To be reserved for discussion at the next Meeting.

Additional Papers.

Read Vice-President's Memo about daily conservancy in the Town.

Resolved.—That temporary establishment asked for be sanctioned and the matter be brought up for formal discussion and sanction at the next Meeting.

NOTIFICATION.

Dated Bangalore, the 22nd December 1890.

No. 54.—Tenders are invited for the exclusive privilege of the manufacture and whole-sale vend of arrack in the Province of Coorg for 3 years from the 1st April 1891, to the 31st March 1894 subject to the following conditions :—

1. That the arrack shall be distilled within the Government enclosure at Fraserpet of good palm and sugar-cane jaggory, and that only such quantity of Nayibela bark shall be used in its manufacture as may be necessary and as shall be fixed by the Commissioner.
2. That the price at which arrack 20 degrees under-proof shall be sold at the whole-sale Depôts to licensed vendors is fixed at Rs. 4-8-0 per Imperial gallon of 6 quart bottles: the retail vend rate to the public being fixed at Ans. 1-7 per dram in towns, and Ans. 1-8 in villages. An allowance of 2 per cent will be granted to the contractor on account of wastage.
3. The rate of still-head duty is fixed by the Chief Commissioner at Rs. 3-2-5 per Imperial gallon of spirit 20 degrees under-proof. Each tenderer should specify the minimum amount per annum of revenue which he will guarantee to pay to the British Government on account of the aforesaid still-head duty. In the event of a larger quantity of liquor being issued during a month than would be covered by the monthly payment of the guaranteed amount, the excise duty on each gallon so issued in excess shall also be paid by the holder of the license. In those months in which the issue may be less, the holder will be allowed the benefit of what he may have paid in excess of the monthly guaranteed amount, and a general balance will be struck at the close of each year, when the holder of the license will have to pay the duty on the number of gallons issued during the year in excess of the number of gallons, the duty on which may have been covered by the minimum amount guaranteed by him to the Government.
4. The contractor shall pay Rs. 25 per mensem as rent for the use of the distillery buildings at Fraserpet and shall be bound to take over from the out-going contractors the unexpended stock of arrack, jaggory and bark in the distillery together with the stills, casks, pots, pumps, buildings, &c., at such valuation as may be fixed by the Commissioner.
5. A deposit of Rs. 1,000 in cash or in Government securities must accompany the tender. The cover should be superscribed with the words, "Tender for the exclusive privilege of the manufacture and whole-sale vend of arrack in Coorg," and must be sent to the Commissioner of Coorg, so as to reach him on or before 12 o'clock (noon) on the 9th February 1891, after which time no tender will be received.
6. The tenders will be opened by the Commissioner at his office at 12 o'clock (noon) on the 10th February, 1891, in the presence of the applicants who may be present. The final disposal of the tenders will, however, rest with the Chief Commissioner of Coorg, who reserves to himself full power to reject any or all of the tenders without assigning any reason. The deposits made by the applicants whose tenders are rejected will be returned to them.
7. The applicant or applicants whose tenders are selected by the Commissioner for recommendation to the Chief Commissioner, shall be required to deposit at once in cash or in Government securities a sum equal to one-twelfth of the minimum annual revenue guaranteed by him or them, failing which the deposit made with the tender shall be forfeited.
8. The applicant whose tender is finally accepted by the Chief Commissioner shall, within eight days of the acceptance of his tender being communicated to him, deposit with the Commissioner a further sum in cash or in Government securities, to make up, with the deposits previously made, a sum equal to one-third of the yearly revenue guaranteed, and shall execute an agreement in the prescribed form on stamp paper binding himself to conform to the prescribed conditions ; and if he fails or refuses to sign the agreement, or to make the deposit required, the deposits already made shall be forfeited to Government and the contract shall be otherwise disposed of.
9. The right of issuing licenses for retail shops and of reducing their number, or altering their locality, is retained in the hands of the British Government. It is proposed to reduce their number to 59. A license will, however, on application, be given to the contractors for opening one retail shop at each of the towns of Merkara, Virajendrapet, Gonikopal and Ammatti, on the conditions of their paying the ordinary license fee of Rs. 20 per mensem.
10. Intending tenderers are informed that the quantity of arrack 20 degrees under-proof on which still-head duty was paid at Fraserpet during the year 1889—90 was 53,005 gallons.
11. Further conditions may be ascertained on application to the Commissioner of Coorg, Merkara.

By Order,

THE CHIEF COMMISSIONER OF COORG.

NOTIFICATION.

Dated Bangalore, the 22*nd December* 1890.

No. 54.—Tenders are invited for the exclusive privilege of the manufacture and whole-sale vend of arrack in the Province of Coorg for 3 years from the 1st April 1891, to the 31st March 1894 subject to the following conditions :—

1. That the arrack shall be distilled within the Government enclosure at Fraserpet of good palm and sugar-cane jaggery, and that only such quantity of Nayibela bark shall be used in its manufacture as may be necessary and as shall be fixed by the Commissioner.

2. That the price at which arrack 20 degrees under-proof shall be sold at the whole-sale Depôts to licensed vendors is fixed at Rs. 4-8-0 per Imperial gallon of 6 quart bottles: the retail vend rate to the public being fixed at Ans. 1-7 per dram in towns, and Ans. 1-8 in villages. An allowance of 2 per cent will be granted to the contractor on account of wastage.

3. The rate of still-head duty is fixed by the Chief Commissioner at Rs. 3-2-5 per Imperial gallon of spirit 20 degrees under-proof. Each tenderer should specify the minimum amount per annum of revenue which he will guarantee to pay to the British Government on account of the aforesaid still-head duty. In the event of a larger quantity of liquor being issued during a month than would be covered by the monthly payment of the guaranteed amount, the excise duty on each gallon so issued in excess shall also be paid by the holder of the license. In those months in which the issue may be less, the holder will be allowed the benefit of what he may have paid in excess of the monthly guaranteed amount, and a general balance will be struck at the close of each year, when the holder of the license will have to pay the duty on the number of gallons issued during the year in excess of the number of gallons, the duty on which may have been covered by the minimum amount guaranteed by him to the Government.

4. The contractor shall pay Rs. 25 per mensem as rent for the use of the distillery buildings at Fraserpet and shall be bound to take over from the out-going contractors the unexpended stock of arrack, jaggory and bark in the distillery together with the stills, casks, pots, pumps, buildings, &c., at such valuation as may be fixed by the Commissioner.

5. A deposit of Rs. 1,000 in cash or in Government securities must accompany the tender. The cover should be superscribed with the words, "Tender for the exclusive privilege of the manufacture and whole-sale vend of arrack in Coorg," and must be sent to the Commissioner of Coorg, so as to reach him on or before 12 o'clock (noon) on the 9th February 1891, after which time no tender will be received.

6. The tenders will be opened by the Commissioner at his office at 12 o'clock (noon) on the 10th February, 1891, in the presence of the applicants who may be present. The final disposal of the tenders will, however, rest with the Chief Commissioner of Coorg, who reserves to himself full power to reject any or all of the tenders without assigning any reason. The deposits made by the applicants whose tenders are rejected will be returned to them.

7. The applicant or applicants whose tenders are selected by the Commissioner for recommendation to the Chief Commissioner, shall be required to deposit at once in cash or in Government securities a sum equal to one-twelfth of the minimum annual revenue guaranteed by him or them, failing which the deposit made with the tender shall be forfeited.

8. The applicant whose tender is finally accepted by the Chief Commissioner shall, within eight days of the acceptance of his tender being communicated to him, deposit with the Commissioner a further sum in cash or in Government securities, to make up, with the deposits previously made, a sum equal to one-third of the yearly revenue guaranteed, and shall execute an agreement in the prescribed form on stamp paper binding himself to conform to the prescribed conditions; and if he fails or refuses to sign the agreement, or to make the deposit required, the deposits already made shall be forfeited to Government and the contract shall be otherwise disposed of.

9. The right of issuing licenses for retail shops and of reducing their number, or altering their locality, is retained in the hands of the British Government. It is proposed to reduce their number to 59. A license will, however, on application, be given to the contractors for opening one retail shop at each of the towns of Merkara, Virajendrapet, Gonikopal and Ammatti, on the conditions of their paying the ordinary license fee of Rs. 20 per mensem.

10. Intending tenderers are informed that the quantity of arrack 20 degrees under-proof on which still-head duty was paid at Fraserpet during the year 1889—90 was 53,005 gallons.

11. Further conditions may be ascertained on application to the Commissioner of Coorg, Merkara.

THE CHIEF COMMISSIONER OF COORG.

NOTIFICATION.

Dated Bangalore, the 22nd December 1890.

No. 54.—Tenders are invited for the exclusive privilege of the manufacture and whole-sale vend of arrack in the Province of Coorg for 3 years from the 1st April 1891, to the 31st March 1894 subject to the following conditions :—

1. That the arrack shall be distilled within the Government enclosure at Fraserpet of good palm and sugar-cane jaggory, and that only such quantity of Nayibela bark shall be used in its manufacture as may be necessary and as shall be fixed by the Commissioner.

2. That the price at which arrack 20 degrees under-proof shall be sold at the whole-sale Depôts to licensed vendors is fixed at Rs. 4-8-0 per Imperial gallon of 6 quart bottles: the retail vend rate to the public being fixed at Ans. 1-7 per dram in towns, and Ans. 1-8 in villages. An allowance of 2 per cent will be granted to the contractor on account of wastage.

3. The rate of still-head duty is fixed by the Chief Commissioner at Rs. 3-2-5 per Imperial gallon of spirit 20 degrees under-proof. Each tenderer should specify the minimum amount per annum of revenue which he will guarantee to pay to the British Government on account of the aforesaid still-head duty. In the event of a larger quantity of liquor being issued during a month than would be covered by the monthly payment of the guaranteed amount, the excise duty on each gallon so issued in excess shall also be paid by the holder of the license. In those months in which the issue may be less, the holder will be allowed the benefit of what he may have paid in excess of the monthly guaranteed amount, and a general balance will be struck at the close of each year, when the holder of the license will have to pay the duty on the number of gallons issued during the year in excess of the number of gallons, the duty on which may have been covered by the minimum amount guaranteed by him to the Government.

4. The contractor shall pay Rs. 25 per mensem as rent for the use of the distillery buildings at Fraserpet and shall be bound to take over from the out-going contractors the unexpended stock of arrack, jaggory and bark in the distillery together with the stills, casks, pots, pumps, buildings, &c., at such valuation as may be fixed by the Commissioner.

5. A deposit of Rs. 1,000 in cash or in Government securities must accompany the tender. The cover should be superscribed with the words, "Tender for the exclusive privilege of the manufacture and whole-sale vend of arrack in Coorg," and must be sent to the Commissioner of Coorg, so as to reach him on or before 12 o'clock (noon) on the 9th February 1891, after which time no tender will be received.

6. The tenders will be opened by the Commissioner at his office at 12 o'clock (noon) on the 10th February, 1891, in the presence of the applicants who may be present. The final disposal of the tenders will, however, rest with the Chief Commissioner of Coorg, who reserves to himself full power to reject any or all of the tenders without assigning any reason. The deposits made by the applicants whose tenders are rejected will be returned to them.

7. The applicant or applicants whose tenders are selected by the Commissioner for recommendation to the Chief Commissioner, shall be required to deposit at once in cash or in Government securities a sum equal to one-twelfth of the minimum annual revenue guaranteed by him or them, failing which the deposit made with the tender shall be forfeited.

8. The applicant whose tender is finally accepted by the Chief Commissioner shall, within eight days of the acceptance of his tender being communicated to him, deposit with the Commissioner a further sum in cash or in Government securities, to make up, with the deposits previously made, a sum equal to one-third of the yearly revenue guaranteed, and shall execute an agreement in the prescribed form on stamp paper binding himself to conform to the prescribed conditions; and if he fails or refuses to sign the agreement, or to make the deposit required, the deposits already made shall be forfeited to Government and the contract shall be otherwise disposed of.

9. The right of issuing licenses for retail shops and of reducing their number, or altering their locality, is retained in the hands of the British Government. It is proposed to reduce their number to 59. A license will, however, on application, be given to the contractors for opening one retail shop at each of the towns of Merkara, Virajendrapet, Gonikopal and Ammatti, on the conditions of their paying the ordinary license fee of Rs. 20 per mensem.

10. Intending tenderers are informed that the quantity of arrack 20 degrees under-proof on which still-head duty was paid at Fraserpet during the year 1889—90 was 53,005 gallons.

11. Further conditions may be ascertained on application to the Commissioner of Coorg, Merkara.

THE CHIEF COMMISSIONER OF COORG.

NOTIFICATION.

Dated Bangalore, the 22nd December 1890.

No. 54.—Tenders are invited for the exclusive privilege of the manufacture and whole-sale vend of arrack in the Province of Coorg for 3 years from the 1st April 1891, to the 31st March 1894 subject to the following conditions :—

1. That the arrack shall be distilled within the Government enclosure at Fraserpet of good palm and sugar-cane jaggory, and that only such quantity of Nayibela bark shall be used in its manufacture as may be necessary and as shall be fixed by the Commissioner.

2. That the price at which arrack 20 degrees under-proof shall be sold at the whole-sale Depôts to licensed vendors is fixed at Rs. 4-8-0 per Imperial gallon of 6 quart bottles: the retail vend rate to the public being fixed at Ans. 1-7 per dram in towns, and Ans. 1-8 in villages. An allowance of 2 per cent will be granted to the contractor on account of wastage.

3. The rate of still-head duty is fixed by the Chief Commissioner at Rs. 3-2-5 per Imperial gallon of spirit 20 degrees under-proof. Each tenderer should specify the minimum amount per annum of revenue which he will guarantee to pay to the British Government on account of the aforesaid still-head duty. In the event of a larger quantity of liquor being issued during a month than would be covered by the monthly payment of the guaranteed amount, the excise duty on each gallon so issued in excess shall also be paid by the holder of the license. In those months in which the issue may be less, the holder will be allowed the benefit of what he may have paid in excess of the monthly guaranteed amount, and a general balance will be struck at the close of each year, when the holder of the license will have to pay the duty on the number of gallons issued during the year in excess of the number of gallons, the duty on which may have been covered by the minimum amount guaranteed by him to the Government.

4. The contractor shall pay Rs. 25 per mensem as rent for the use of the distillery buildings at Fraserpet and shall be bound to take over from the out-going contractors the unexpended stock of arrack, jaggory and bark in the distillery together with the stills, casks, pots, pumps, buildings, &c., at such valuation as may be fixed by the Commissioner.

5. A deposit of Rs. 1,000 in cash or in Government securities must accompany the tender. The cover should be superscribed with the words, "Tender for the exclusive privilege of the manufacture and whole-sale vend of arrack in Coorg," and must be sent to the Commissioner of Coorg, so as to reach him on or before 12 o'clock (noon) on the 9th February 1891, after which time no tender will be received.

6. The tenders will be opened by the Commissioner at his office at 12 o'clock (noon) on the 10th February, 1891, in the presence of the applicants who may be present. The final disposal of the tenders will, however, rest with the Chief Commissioner of Coorg, who reserves to himself full power to reject any or all of the tenders without assigning any reason. The deposits made by the applicants whose tenders are rejected will be returned to them.

7. The applicant or applicants whose tenders are selected by the Commissioner for recommendation to the Chief Commissioner, shall be required to deposit at once in cash or

in Government securities a sum equal to one-twelfth of the minimum annual revenue guaranteed by him or them, failing which the deposit made with the tender shall be forfeited.

8. The applicant whose tender is finally accepted by the Chief Commissioner shall, within eight days of the acceptance of his tender being communicated to him, deposit with the Commissioner a further sum in cash or in Government securities, to make up, with the deposits previously made, a sum equal to one-third of the yearly revenue guaranteed, and shall execute an agreement in the prescribed form on stamp paper binding himself to conform to the prescribed conditions; and if he fails or refuses to sign the agreement, or to make the deposit required, the deposits already made shall be forfeited to Government and the contract shall be otherwise disposed of.

9. The right of issuing licenses for retail shops and of reducing their number, or altering their locality, is retained in the hands of the British Government. It is proposed to reduce their number to 59. A license will, however, on application, be given to the contractors for opening one retail shop at each of the towns of Merkara, Virajendrapet, Gonikopal and Ammatti, on the conditions of their paying the ordinary license fee of Rs. 20 per mensem.

10. Intending tenderers are informed that the quantity of arrack 20 degrees under-proof on which still-head duty was paid at Fraserpet during the year 1889—90 was 53,005 gallons.

11. Further conditions may be ascertained on application to the Commissioner of Coorg, Merkara.

By Order,

L. S. NEWMARCH,

Secretary to the Chief Commissioner.

Mysore, 26th March 1891.

The public are well aware that Sahukar Hotte Ranganna, son of Chikmallaiya of Kunchigar sect, and Sahukar Chikmuddappa, son of Ranganna of the same sect, are nearly related to each other ; that they, together with some others, had formed a trading company and carrying on business and that sometime ago the said company broke up and the members thereof have been relieved.

I, Hotte Ranganna, have purchased from their respective legal owners and one possessing and enjoying the lands Nos. 79, 80, 81, 27, 32, 36. 40, 42, 46, 29, 30, 31, 43, 48, 49, 37, 47, 50, 51, 52, 53, 54, 76, 77 and 78, situated in Bokkahalli village, Hadinaru Hobli, Nanjangud Taluk, and have got documents executed in my name and duly registered.

If the rumours are correct, I understand that Sahukar Chikmuddappa although perfectly well aware of the above said facts, yet, giving himself into the advice of Batta Amin Krishna Rao, Pleader Krishnappa, Narasappa, Deputy Munshi of Hole-Narsipur Munsiff's Court and Tammaiyana Subbanna of Mysore and others, is trying to get documents executed by their non and illegal owners and so called enjoyees and thereby considers himself that he could usurp my rights to the said lands. Whatever the termination of his endeavours may be, I warn the public that if any one wishing to buy lands in the above said village, it would be safer for them to have a proper enquiry made with respect to the owners and enjoyees and patta holders of them and examine properly all the documents, &c., which they find in possession of those that would offer them for sale.

Census Superintendent in Mysore.

ADVERTISEMENT.

Mysore, 26th March 1891.

The public are well aware that Sahukar Hotte Ranganna, son of Chikmallaiya of Kunchigar sect, and Sahukar Chikmuddappa, son of Ranganna of the same sect, are nearly related to each other ; that they, together with some others, had formed a trading company and carrying on business and that sometime ago the said company broke up and the members thereof have been relieved.

I, Hotte Ranganna, have purchased from their respective legal owners and one possessing and enjoying the lands Nos. 79, 80, 81, 27, 32, 36, 40, 42, 46, 29, 30, 31, 43, 48, 49, 37, 47, 50, 51, 52, 53, 54, 76, 77 and 78, situated in Bokkahalli village, Hadinaru Hobli, Nanjangud Taluk, and have got documents executed in my name and duly registered.

If the rumours are correct, I understand that Sahukar Chikmuddappa although perfectly well aware of the above said facts, yet, giving himself into the advice of Batta Amin Krishna Rao, Pleader Krishnappa, Narasappa, Deputy Munshi of Hole-Narsipur Munsiff's Court and Tammaiyana Subbanna of Mysore and others, is trying to get documents executed by their non and illegal owners and so called enjoyees and thereby considers himself that he could usurp my rights to the said lands. Whatever the termination of his endeavours may be, I warn the public that if any one wishing to buy lands in the above said village, it would be safer for them to have a proper enquiry made with respect to the owners and enjoyees and patta holders of them and examine properly all the documents, &c., which they find in possession of those that would offer them for sale.

II. Proposals of Mr. Virasangappa, Municipal Commissioner, suggesting certain arrangements in the conduct of Municipal duties :—

(1) To reduce the tax on house services from Rs. 50 for 1 inch and Rs. 25 for half inch pipes to half those rates.

Proposed by Mr. Raghavachari, seconded by Mr. Annaiya Pandit and carried that taking into consideration the present scarcity supply of water in the Kukarhalli Reservoir, the discussion of this question, which if carried would produce many applications for house services, be deferred.

(2) That the Vice-President once a month visit each Mohalla accompanied by the Municipal Commissioners of such Mohalla.

Passed.

(3) That all carriages and carts should carry lights at night within Municipal limits.

There was a considerable discussion on the hardship of carts from out-stations entering the Town being required to carry lights, and, it was finally resolved that local carts carry one light, if no light, the driver should walk with his cart. Up-country carts should be driven at a foot pace and keep on the left side of road and the bullocks shall have strong nose and head ropes to admit of the driver having perfect control over them.

(4) That the collection of Sayer duties be carried on in the absence of the Daroga from the Octroi Station by his subordinates to prevent delay and inconvenience to the public.

Proposed by Mr. Raja Rao, and seconded by Mr. Raghavachar, that it is not desirable to invest such authority in any of the office establishment, who are men on small salaries, and that the present system be continued.

Carried.

(5) That pending the sanction of peons provided in the Budget as orderlies for the Commissioners, that other provision be made for assisting the Commissioners, in their investigations into petitions, &c.

Resolved—that the Mohalla Overseer be directed to accompany the Commissioner with the petitions.

Carried.

III. The question of the removal of Bamboo Bazaars and Kerosine oil referred to in the Board's Resolution of the 20th September 1890, was discussed and it was resolved—

That the Bamboo Bazaars be removed to 5 selected Municipal sites, and that the consideration of the removal of Kerosine oil be deferred.

IV. Read petition of Syed Dastagiri, dated 31st January 1891, praying for exemption of Mohatarfa shop-tax due by him.

Resolved—that the matter be disposed of by the President.

V. The proceedings of the following Sub-Committees were duly confirmed :—

(1) Sub-Committee on maintenance of water works.
(2) Sub-Committee for framing rules for the conduct of Municipal Meetings.
(3) Sub-Committee on carriage and carts carrying lights at night.

VI. Read appeal petition of Bangaramma, dated 24th February 1891, praying for the street drain in front of her house to be repaired at the Municipal cost, as it had been damaged by the formation of the new road.

Resolved—that the front wall of petitioner's house be protected from all damages; the street drain be properly constructed, and main passage to the house be provided with steps.

VII. The question whether Municipal servants on the permanent establishment of this Municipality are entitled to pension, &c., as in the Bangalore Municipality.

Resolved—that the Uncovenanted Civil Service Leave and Pension Code be adopted by this Municipality.

VIII. Proposed by the Vice-President to build Bazaars in Chamarajpura from Muzarayi funds at a cost of Rs. 2,900.

Resolved—that the above sum may be utilized as proposed with the special sanction of Government.

IX. The application from the Matron of the Maharani's Hospital for six months' leave on half pay.

Resolved—that the granting of leave to the Matron of the Maharani's Hospital is not within the province of the Municipal Board, as the majority of the Commissioners do not consider her a Municipal

Account Current of the Mysore City Municipality for the month of February 1891.

In the case of logs, the rate per cubic foot, and in the case of small timber and bamboos, the rate per cart-load must be noted. The preparation of timber should be according to the usual method of preparation in the District which has always been in vogue and is well known to Kurubars. The trees to be felled will be marked by the Forest Department.

N. B.—A cart-load will be reckoned at 25 C. ft. of small timber, 50 Heb-bidaru, 150 Medara-bidaru and 200 Kiri-bidaru except at Chamrajnagar Depôt, where 400 Kiri-bidaru go to one cart-load.

8. The contractor shall be required to conform strictly to such rules and regulations as may be laid down by the District Forest Officer during the fire season.

9. The District Forest Officer does not bind himself to accept any or lowest tender, and such acceptance shall be subject to the sanction of the Inspector General of Forests.

10. The intending contractor will have to make his own arrangements for carting as the Department is not bound to make any roadways or cart-tracks, and no excuse in this behalf will be accepted for the non-carting of wood.
